

PRESS / Frequently Asked Questions

How do the Greenworks products positively impact the environment?

No gas, No oil, No emissions, No spills. The entire GreenWorks product line has a ZERO carbon footprint. We'll say that again – our entire product line will *never* release an ounce of carbon emission into the air.

Where are Greenworks products sold?

Contact a local distributor in your area or feel free to call Greenworks at 1-888-90-WORKS. Our complete product line is also available for purchase online at Amazon.com.

How do I get the Greenworks product line into my store?

Call 1-888-90-WORKS to speak to a sales representative

What differentiates the Greenworks products from similar products?

Energy star rated chargers. High efficiency motors for less power consumption per use. Manuals and other literature made from recycled material.

What type of after sales support does GreenWorks offer?

Parts, technical support, in-use tips, warranty logging, repair options via website or 1-888-90-WORKS
